## **Former CEO of Shreveport Federal Credit Union Sentenced on Federal Charges**

United States Attorney for the Western District of Louisiana Brandon B. Brown announced that **Helen Godfrey-Smith**, 72, of Shreveport, Louisiana, has been sentenced by United States District Judge Elizabeth E. Foote for making and using a false document. Judge Foote sentenced Godfrey-Smith to one year of probation and she was ordered to pay a fine in the amount of \$5,000.

According to information presented at Godfrey-Smith's guilty plea hearing, she was employed by the Shreveport Federal Credit Union (SFCU) from 1983 to 2017 and during much of that time was employed as the Chief Executive Officer (CEO) of the SFCU. The SFCU was a Shreveport, Louisiana based financial institution under the regulation of the National Credit Union Administration (NCUA).

In October 2016, the SFCU, through Godfrey-Smith, entered into an agreement with the United States Department of the Treasury to buy back certain securities that were part of the Department's Troubled Asset Relief Program (TARP). As part of that process, on December 27, 2016, Godfrey-Smith signed and submitted to the United States Department of the Treasury an Officer's Certificate which certified that all conditions precedent to the closing had been satisfied.

In reality, SFCU had not met all conditions precedent to closing and had suffered a material adverse effect. Unbeknownst to the United States Department of the Treasury and the NCUA, SFCU was in a financial crisis. From 2015 through 2017, another individual who was the Chief Financial Officer of SFCU (Individual 1), had been falsifying call reports to the NCUA which included millions of dollars in fictitious fee income. In addition, she was creating fictitious entries in the bank's records to support the false call reports. This created the illusion that SFCU was profitable when, in fact, the bank was failing. In addition, Individual 1, embezzled approximately \$1.5 million from the credit union.

By the time Godfrey-Smith signed the Officer's Statement, she had become aware of deficiencies at the credit union. Specifically, she had recently investigated and discovered that there were millions of dollars of fictitious entries on SFCU's general ledger, and the credit union's books were not balanced. However, she failed to disclose this information to the United States Department of the Treasury and signed the false Officer's Statement.

In the Spring of 2017, the institution failed. It was taken over by regulators from the NCUA and placed into a conservatorship. An investigation by the NCUA revealed that SFCU had amassed in excess of \$10 million in losses by December 2016.

This case was investigated by the FBI, IRS-Criminal Investigation, and U.S. Department of Treasury–Office of Special Inspector General for the Troubled Asset Relief Program (SIGTARP). Assistant U.S. Attorney Seth D. Reeg prosecuted the case.
